July 27, 2020

Dear Patients,

After practicing dentistry for 39 years, I have decided to announce my retirement. I would like to thank you for your trust, confidence in my practice, and for allowing me to serve your family throughout the years... and in some cases, treating multiple generations of your family.

As I transition, ensuring that my patients continue to receive great dental care is my top priority. To that end, I'm pleased to announce Dr. Reinhard Lugalia and Dr. Yona Rasynouvong – a husband and wife dental duo – will be joining our office starting August 17th. The office location will remain the same, but **the name of the practice will change to Tallgrass Dental** – a tribute to the iconic plains of our beautiful state of Kansas. They will continue to provide you and your family with quality, affordable dental services. In addition, they will bring a wider range of services to our patients and introduce new dental technologies to increase the level of comfort during your visit. Drs. Lugalia and Yona - along with our existing team including Janice (office manager of 26 years), Norma (dental assistant of 18 years), Carey (my daughter and hygienist of 4 years), and Lori (hygienist of 26 years) - look forward to seeing you at your next dental visit.

Thank you again for your loyalty. It has been an honor and pleasure to be your dentist and I wish you all the best. Abilene will continue to be my home in my retirement and I look forward to seeing you around town.

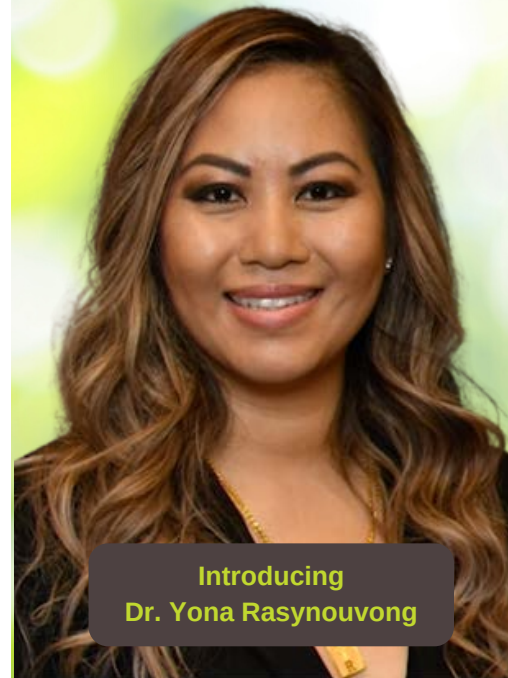

**TALLGRASS
DENTAL**

Sincerely,

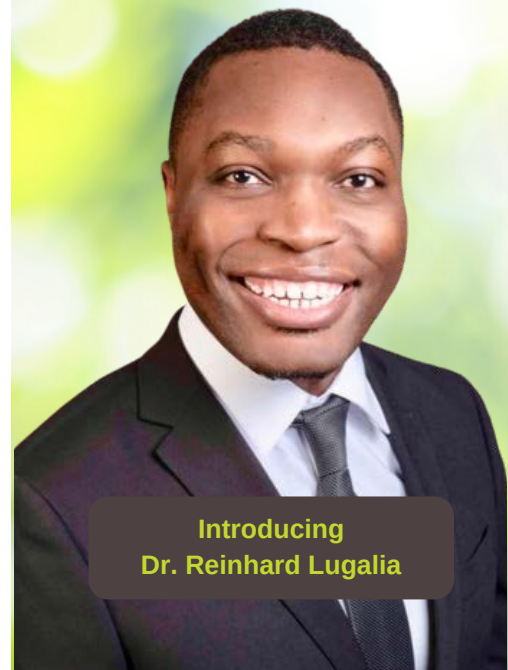

R. Michael Robson, DDS
